**The Band....** IDIOT PROOF is a back-to-basics rockcoverband, consisting of four heart 'n' soul musicians. The band has been around in the music scene for 13 years now. The playlist shows songs which are a good reflection of the rockmusic in the seventies and eighties (e.g. AC/DC, Motorhead, Lynyrd Skynyrd, Thin Lizzy). But also bands of the present time are well-covered: Stone Temple Pilots, Greenday, Rammstein, Pearl Jam, Radiohead. Powerful drumming, a pumping bass, a great guitar sound and a raw voice invite the audience to join in and party along. Time after time the band makes a strong impression on the people watching and listening. Not only because of the professional instrumental quality, but also because of the three-piece vocals and the talent to put beginnings and endings of different songs fluently together. The playlist contains over 40 songs and some compilations (Queen, Status Quo and Creedence Clearwater Revival).

**The References...** The band is very much capable of turning any night into a real rock-party, proving the many places where IDIOT PROOF has played (and at some places repeatedly), such as (private) parties, bikers meetings and various well-known rockbars, festivals and concerthalls. Not only in The Netherlands, but also at bikers events in Belgium (Harley & Indian Meeting Leopoldsburg), Luxemburg (High Chapparral Rock Festival, Godbrange), Denmark (MCF, Nyborg), Germany (Motorcamping Little Ceek, Utscheid) and Austria (Harley Davidson Biker Mania, Saalbach-Hinterglemm)

**The CD's....** IDIOT PROOF is a genuine live-band. However, over the years 3 CD's of this band have been released: **EAT YOUR HEART OUT!!** (Jan. 1999), **100% IDIOT PROOF** (Jan. 2000) and **BACK ON TRACKS** (March 2003). The CD's are available at live-gigs and on request. For more information please visit our internetsite <http://www.idiotproof.nl>.
